## Loctite and the "24 hours" of "France tout terrain".

For the 2009 edition of the **24 hours of France tout terrain**, the "Loctite Charlies" will be there and will offer a free technical support to all competitors. Meet the Loctite-Charlies, in partnership with Orpist Racing Team N°56. "Loctite-Charlies" are Loctite-technicians, available all along the road. This experts team is known and well-known by all the pilots and their technical staff. All along the years and the races, they've built a strong relationship together. The Charlies will demonstrate their products all along the "24h of France Tout Terrain".

Loctite is the Official Rally Dakar supplier for years, supports the competitors by offering them high quality products allowing them fast and efficient repairs and dedicated assistance. The range of products consists of adhesives used in OEM assemblies by all the cars and trucks manufacturers around the world but of Teroson products as well, for direct glazing, anti corrosion, underbody and sound protection coating products.
